The seminar aims at dojo members who are preparing for kyu gradings. But it is also open to everybody who is interested.

The seminar will not cover all required techniques - there is not enough time for this -, but we will go through the main forms and also identify major pitfalls. A particular focus will be on good strategies for grading situations.

Please bring your grading curriculum (<https://aikido-oberursel.de/en/dojo/downloads>) and go through the requirements beforehand, so that you are prepared to ask questions.
